

# Ready's

Running behind schedule? Do you need something quick to eat? Don't want to wait in a big line? The Ready's concept was born from these questions with the student body in mind. The concept with, by far, the widest range of diverse items, Ready's supplies all kinds of sweet treats, healthy snacks, and meals. From fresh chef salads to hummus and

pretzels for the healthy eaters, to red velvet cake, cookies and brownies for all the sweet tooths. Even chicken tenders, sub sandwiches and bottles of juice are at the ready to complete your meal without any long wait. The Ready's concept would be a quick and incredible addition to your food services.
