

# PASTY

HAND HELD POT PIES

From two months of research to create a new concept for the student life to sink their teeth into, the PASTY came to be.

A pasty is a hand held pot pie, cooked and stuffed with a variety of international ingredients to create tastes from all over the world; from beef to bacon, jerk seasoning to sweet chili sauce, jalapenos to onions, all accompanied by a creamy blend of shredded cheese.

There's even an option for vegetarians and healthy eaters. The ingredients can even be customized to create a flavor your taste buds will crave. With a history of being served to both royalty and more common folk, PASTY hand held pot pies would be an amazing addition to any college cafeteria.
