

# Chicken wings

One of our newest concepts out, Chicken Wings is making its way to our top sellers. Two months of flavor suggestions, cooking methods and more helped us come up with the perfect blend of flavors that proved their zing through and through. From the tangy Sweet Baby Ray's Sweet Chili, the kickin' Franks Red Hot Buffalo,

and our own combo of spices to create a zesty Lemon Pepper, we bring classic to the table. Once you sink your teeth into these, you won't want to let go.
